

# Acceptable user policy for students in the lower primary

Students will follow these rules when using the school's computers and network. If there are any problems, the school might notify parents, take away computer time or give some other consequence agreed upon with students.

## Be respectful

- I will only use a school computer if a teacher says it is okay.
- I will only print my work if a teacher says it is okay.
- When I am done using the computer, I will put everything back the way I found it.

## Be safe

- When I use the computers, I will take good care of them.
- I will not open any files or programs that I'm not supposed to open.

## Be responsible

- I have to turn in this permission slip to a teacher before I can use the school computers.

### Computer use permission:

My child has permission to access networked computer services such as the internet and the school's network. I understand that students will be held accountable for their own actions. I also understand that although the school will take reasonable steps to ensure that my child is appropriately supervised, according to age and responsibility, I will not hold the school responsible for inappropriate material which my child may obtain. I accept responsibility for setting standards for my child to follow when selecting, sharing and exploring information and media. I agree to report any misuse of the network to the school.

Parent/guardian signature

### Computer user agreement:

I will follow the rules. If I do not follow the rules, I understand that I might lose computer time or have some other consequence.
